

Resins - Aligners - Retainers - Machines - Accessories

ABOUT US

One stop solution for all ortho-dental needs

We make thermoplastic sheets using cutting-edge technology with superior biomechanical properties engineered for precise tooth movement.

Taglus products are designed to meet expectations while maintaining high-quality standards. You can be assured of the best results with high efficiency, rapid workflow and shorter production time to improve your outcomes.

Committed to sustainability - we work towards establishing synergy between our products and nature.

MISSION

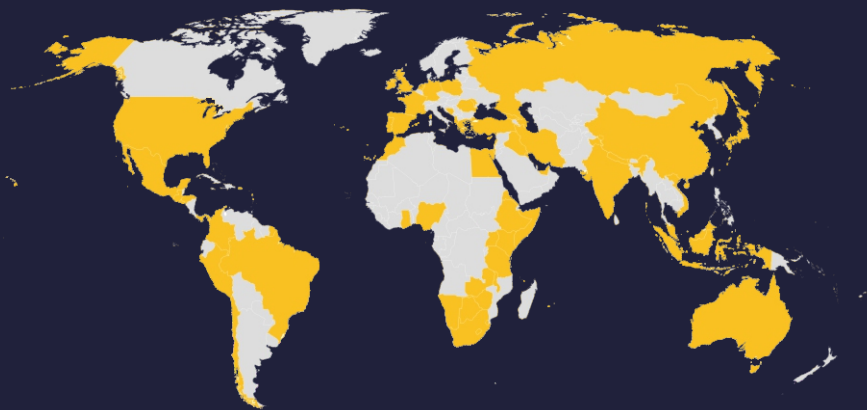

To offer innovative production solutions for dental laboratories and practices globally.

VISION

To help scale dental businesses by being the best-in-class products through innovation, unmatched quality and the highest standards of service through our products.

VALUES

We pioneer innovation, craft with precision and ensure trust through reliability. Our customer-first approach drives excellence, while sustainability shapes our journey.

PRODUCT PORTFOLIO

Taglus offers an extensive product line that includes modern, digitally driven product solutions.

TAGLUS 3D PRINTING RESINS

LOW ODOUR
BEFORE & AFTER
3D PRINTING

WASHABLE
WITH DISTILLED
WATER

- Smooth matte surface finish
- High dimensional accuracy
- Non-sticky after washing

ALIGNER SHEETS

TAGLUS PREMIUM

- Best in class mechanical properties
- Enhanced flexibility
- Offers a predictable tooth movement

TAGLUS PU FLEX

- Highly Flexible and durable
- Brilliant wear and tear resistance
- Offers great comfort

TAGLUS ULTRA

- Composite material
- Better stamina & clarity
- Blend of PETG and TPU

RETAINER SHEETS

TAGLUS TUFF

- World's thinnest retainer sheet
- 0.8mm thickness
- Great comfort

NEW MATERIAL

TAGLUS SMILES

- Available in multiple shades
- Aesthetic for enhanced appearance
- Custom-made

Available in shades

A1, A2, B1 and B2

NEW MATERIAL

TAGLUS SOFT

Thickness: 1.5, 2 & 3 mm

- Highly flexible
- Made from Eva material
- Available in roll form

Suitable for:

Duplication
molds

Mouth
guards

Night
guards

TRIMMING MACHINE

EXPERIENCE EFFORTLESS TRIMMING WITH THE 5X TRIMMING MACHINE ACCURATE TRIMMING EVERY TIME.

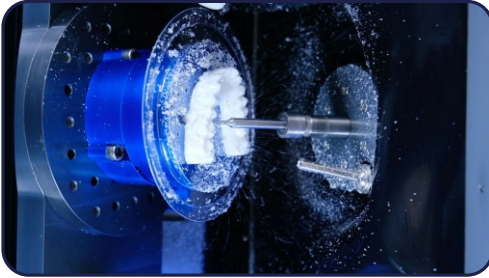

Best-in-class Performance

Introducing our state-of-the-art hardware and software solution for trimming of clear aligners. Powered by AI.

- ✓ Cost-effective.
- ✓ User Friendly.
- ✓ Outstanding Finish.
- ✓ Supercharged by 5Xtrim® CAM

Our intuitive interface makes operating a 5-axis milling machine as easy as using a 3D printer, even for those who have never worked with such machines before. With our smart algorithms doing all the work, all you have to do is load your model and start milling.

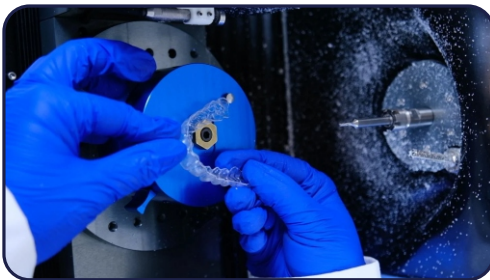

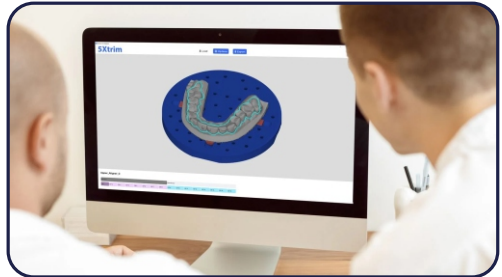

Cost Effective

Our solution is the most cost-effective solution on the market, ideal for smaller dental practices or dentists as well as larger labs who are just starting to offer clear aligner treatments.

Easy to Use

User-friendly intuitive interface and software make it easy to operate the machine without any specialized knowledge.

Outstanding Quality

Our motion control technology ensures that each aligner is trimmed to perfection, providing a precise fit for your patients.

ACCESSORIES

CUSTOMIZABLE RETAINER BOX

- Customizable with your brand logo & colors
- Sturdy and lightweight
- Magnetic closure

ALIGNER CHEWIES

ALIGNER REMOVAL TOOLS

ARTICULATOR WITH STOPPER

- Curved design
- Compact size
- Helps save resin by reducing model height

PILLOW BOXES

- Durable design
- Customizable
- Recycled material

AVAILABLE SIZES:

1"

2"

IMPRESSION TRAY

TAKE MULTIPLE
IMPRESSIONS.
MORE THAN
6 TIMES!

- Provides accurate impressions
- Seamless experience
- Simplifies the customer journey
- Can be re-boiled
